A FOUNDER'S VISION

Kaan Celik founded LeWrap with a clear goal:
To become the most trusted and loved fresh QSR brand.

Built on strong partnerships and known for delivering high-quality, feel-good food that brings communities together.

With over 20 years of success, Kaan has built a business that supports everyday entrepreneurs with the tools, systems, and support to thrive in the quick-service industry - offering a product like no other - without the need for prior food experience.

WELCOME TO SOMETHING BETTER THAN FAST FOOD

At LeWrap, we believe that food should be fresh, full of flavour, and fun to experience. Since 2005, we've redefined the fast-food scene by delivering made-to-order wraps, plates, and salads that combine quality, taste, and speed - all from an open kitchen that puts our food on show.

Our made-to-order philosophy means nothing sits pre-made. Every meal is made fresh, right in front of the customer, ensuring a quality product that's as enjoyable to watch being made as it is to eat.

LeWrap isn't just a brand. It's a movement toward fresh, high-quality fast-casual dining that Australians have come to love.

OUR MENU

Good Food that Sells Itself

Wraps – Toasted, loaded, and bursting with flavour.

Salads – Nutrient-packed & fresh-made for the health-conscious.

Baguettes – Artisan bread, grilled protein & fresh toppings.

Plates – Prepared with quality protein, rice, grilled veg & salad.

Chips – Thick-cut, secret-seasoned chips that keep customers coming back.

OUR STORE CONCEPT

LeWrap's growth strategy is built around three versatile store formats, designed to seamlessly adapt to a variety of locations - from high-traffic shopping malls and food courts to standalone shopfronts. This flexibility ensures we can meet customer demand.

The initial investment for a LeWrap franchise starts from **$450K + GST**.

Final entry costs may depend on:
- The selected store format
- Landlord contributions
- The existing condition of the tenancy
- Franchise Fees

Our adaptable model allows franchisees to tailor their investment to suit both their budget and location opportunities.

KIOSK
25 - 30m2

Perfect for high-traffic locations like shopping centres, this concept offers a 360-degree design that maximises brand visibility in busy food courts.

IN-LINE
40 - 60m2

Standard food court shopfront positioned in high-traffic areas, typically with a single frontage alongside other food retailers. These locations include additional back-of-house space to support efficient kitchen operations.

SHOPFRONT
80 - 120m2

Our larger shopfront format feature seating areas, making them ideal for standalone or street-front locations. With ample space for dine-in customers, this format delivers the full LeWrap experience, supporting a complete menu, comfortable dining, & extended trading hours.
